

Welcome Package:

Welcome to The Lucky 7th on behalf of the Command Staff.

Our Mission:

Our forces will help encourage dialogue, promote growth, and insure the free flow of trade. Our Most Recent History: After the Great Devastation, under Operation "Unified Assistance" the 7th Fleet began providing humanitarian assistance and disaster relief to many planets & star systems in the quadrant. About 40% of the galaxies population lives within the 7th Fleet Area of Responsibility.

We have been given the sacred task and responsibility to rebuild the "Lucky 7th" to her former glory.

Our Motto: No man left behind.

History:

The U.S. 7th Fleet was established March 15, 1943, when the Southwest Pacific Force was renamed. Today it is the largest forward-deployed U.S. fleet and its area of responsibility includes the Western Pacific and Indian Oceans.

The Lucky 7th Started out with only a few members as an RP fleet with anticipation of the release of [STAR TREK ONLINE](#) and has grown to an impressive size of around 60 members with a waiting list of people to get in.

Lets Get Started // Things you need to know

1. Stay Positive: Here at the 7th we like to keep a positive attitude towards everything we do. What we hate to see is people who come in here and blast all that has been done. If you have a way to make it better let us know but keep in mind The 7th has worked hard to get this team where it is today and everyone has a part in this. So choose your words wisely as words do have meaning. On a Final note please leave your real life drama at the door. We understand you have a real life outside here but don't bring the negative here. We are all here to have a good time.

2. Stay Active: Here at the 7th we ask you stay active and up to date about what is going on. You are **Required** to log-in the 7th fleet website within **7 days**. **Failure** to do so will result in removal from the 7th fleet or as we call BEN AXED. Some of our players have made the 7th fleet site their home page and keep themselves logged-in to make it easier but that is up to you.
